

ENGAGE. EDUCATE. EMPOWER.

IN ONE VISUAL, COLLABORATIVE SPACE.

You work hard to craft engaging lectures for your students. Win their attention—and keep it—with Paradigm's **Engagement Tool**.

Instantly transform any smart device into a multi-purpose course companion that lets students follow along with lecture slides and videos, tracking their retention as they go.

More secure, cost-effective, and reliable than other options on the market, Paradigm's **Engagement Tool** contains live quizzes, class polls, opportunities to ask questions in real-time, and more. This solution is ideal for in-person, online, and hybrid courses.

SEE WHY EDUCATORS LOVE THE ENGAGEMENT TOOL

- Cast dynamic lectures, polls, surveys, comprehension checks, and quizzes onto student devices.
- Seamlessly provide students with video and/or audio overlays to presentation slides.
- Close loopholes and more effectively track attendance through a combination of GPS and Wi-Fi technology.
- Receive accessible and attentive tech support.
- Get instant access to student questions and suggestions in real time.
