

Upskilling and Workplace Readiness for Inmate Students

PURPOSE & VALUE OF CERTIFICATION

Certification results provide evidence that the student possesses basic digital competencies for today's workplace. They grant value not only through recognition of skill, but with increased employability, the ability to earn higher wages, and continued learning.

The benefits of TOSA[®] proficiency-based certification impact not only the learner, but also the administrating institution and educator.

INSTITUTION & EDUCATOR BENEFITS

- Meet the needs of industry
- Easily align to program outcomes
- Implement a more cost effective solution - stop paying for practice tests and failed exams

STUDENT BENEFITS

- Gain confidence in their skills
- Increased marketability and employability
- Earn an internationally recognized certification
